

# Do you like challenges?

We are currently looking for...

## Traffic Sales Engineer

**1** **Tattile** is a world leader and double-digit growing company in the ITS (Intelligent Transportation Systems) market, offering hedge technology ANPR cameras for Tolling, Enforcement and Tracking applications. All our products are fully developed by our internal R&D team, formed by more than 35 young and dynamic engineers. We offer an international and stimulating working environment for dynamic people!

**2** **Function**  
As a Sales Engineer, you will be responsible for:

- Product specification and sales negotiation in a complex international context
- Opening of relevant international key accounts worldwide

After receiving an intensive product training in our headquarters in Italy, you will contribute to the international development of our business in the ITS market.

**3** **Responsibilities**

- To carry on a multilevel specification activity with different actors (R&D, application engineering, procurement, etc.)
- To achieve the assigned sales budget
- Attend and help set up of regional shows and workshops
- Interaction with our R&D and Field Engineer team
- Evaluate potential new applications with our cameras

**5** **Offer**

We offer an excellent salary with outstanding benefits and the opportunity to participate in the success of a unique high-tech company.

# Join our Team!
