Software Marketing Manager

Tattile

Have you ever imagined working for a state-of-the-art computer vision company dealing with machine learning based products generating a durable impact for the Planet?

Tattile is a world leader and double-digit growing player in the ITS (Intelligent Transportation Systems) market, offering edge technology (Smart Cameras + Artificial Intelligence/AI) for Smart Cities and modern, green and safe Mobility Applications.

Scope

Imagine disruptive ITS and Smart City applications for the next 10 years, creating new functionalities, based on Neural Networks and Artificial Intelligence (AI), able to improve a sustainable Mobility.

An international team will be your new playmate, the US & APAC markets will be your playground.

▶ Requested technical skills

- Work cross-functionally with customers, technical consultants, R&D, sales, and aftersales;
- Develop innovative value propositions for our applications and build sound technical enablement elements to effectively scale our sales;
- Build comprehensive marketing plans to increase awareness across existing and potential customers;
- 4+ years of specific B2B marketing experience in the software application field is a must
- Proficiency English is a must, other languages are a plus
- Technical degree preferred

Offer

We offer an excellent salary and the opportunity to be a game changer in an innovative and technology driven company; you will be part of a young and dynamic team, collaborating with a worldwide network of Hi-Tech partners.
