Procurement Expert

Tattile

Have you ever imagined working for a state-of-the-art computer vision company dealing with machine learning based products generating a durable impact for the Planet? Tattile is a world leader and double-digit growing player in the ITS (Intelligent Transportation Systems) market, offering edge technology (Smart Cameras + Artificial Intelligence/AI) for Smart Cities and modern, green and safe Mobility Applications.

▶ Job brief

We are looking for an experienced **Procurement Specialist** mainly focused on **electronic components** and electronic products to manage the company's supply.

Procurement Specialist responsibility includes strategizing to find cost-effective deals and suppliers decreasing procurement expenses, so that the company can invest in growth and people.

Using MRP, PLM and office tools, collaborate with Supply Chain, NPI, QA, R&D and Finance Control to optimize material availability, cost and quality.

▶ Scope

- Develop and manage sourcing strategies for electronic and (few) mechanic suppliers
- Track and report key functional metrics to reduce expenses and improve efficiency
- Predict unfavourable events through data analysis and prepare control strategies
- Discover new and reliable suppliers
- Negotiate and finalize purchase contracts

▶ Technical skills

- Proven working experience as Electronic Procurement Specialist, Procurement Officer or Head of Procurement
- Good relational skills.
- Proficiency with Office 365.
- **Fluent English is a must**
- Knowledge of ERP MRP systems
- Knowledge of SAP BUSINESS ONE and oracle PLM is a plus

Offer

We offer an excellent salary and the opportunity to be a game changer in an innovative and technology driven company; you will be part of a young and dynamic team, collaborating with a worldwide network of Hi-Tech partners.
